JavaScript, TypeScript, React, React Native, Redux, Context API, REST, Monorepo, ESLint, Websocket, Git, i18n, Axios, Jest, Unit Testing, ES6, HTML5, CSS, Figma, Ant Design, Material-UI

Experience

CODEMONDAY Co., Ltd.

Sep 2022 - Dec 2023

Frontend Developer

- Led the front-end team of multiple enterprise-level web applications to successful completion using the latest front-end technologies of React, Typescript, ESLint, Nextjs, and Jest
- Integrating a seamless Content Management System (CMS) through Strapi for desktop and mobile platforms.
- Continuously improved the React projects' architecture and quality by introducing static analysis rules with ESLint, validation and form management with Yup and react-hook-form, unit tests with Jest, and global state management with Redux/Context API and Zustand.
- Led the front-end development of several products, from identifying system requirements and partner dependencies to performance improvement, software implementation, engineering, testing, and deployment configuration.
- Provided guidance and mentorship to junior and intern software developers on multiple projects.

CARIVA (Thailand) via CODEMONDAY Co., Ltd.

Oct 2022 - Aug 2023

Frontend Developer

- Initiating efficient CMS development for hospitals using Next.js, Monorepo, Ant Design, and Material-UI (MUI)
- Ensuring high code quality through comprehensive Jest unit testing.
- Enhancing client engagement with Line Official Account (OA) and LIFF integration.
- Conducted structured code reviews, delivering constructive feedback to cultivate continuous skill refinement and professional growth.
- Designed and implemented the front-end architecture for different projects.
- Timely completed all necessary project phases – gathering requirements, system design, implementation and testing, deployment and support.

Plawarn Development And Innovation Co., Ltd.

Jun 2020 - Aug 2022

Frontend Developer

Web Development

- Created and developed projects for a startup company, focusing on web development.
- Collaborated closely with Backend Developers to implement RESTful APIs for seamless data interaction.
- Assessed the technical feasibility of UX and UI designs to ensure user-friendly interfaces.
- Utilized UI Frameworks, including Chakra UI and Ant Design, for enhancing web application aesthetics and functionality.

Mobile Development

- Designed and developed mobile applications for both Android and iOS using React Native and Expo.
- Transferred and expanded web application functionalities, including features like chat and maps, to the mobile application.
- Employed UI Frameworks such as Native Base and RNUI Lib for creating intuitive and visually appealing mobile interfaces.

Inisis Company Limited

Aug 2018 - Aug 2019

Software Tester

- Contributing to software quality through test scenario formulation.
 - Resolving database consistency issues.
 - Effective client communication to understand product requirements.
-
